BERTHA:

Colonel White inquired the other day about Medical Benefits for Dependents and asked if it had been distributed to the Field. Upon checking, I found out that a dispatch had been prepared and sent to the Field under date of 13 Feb 1957. Colonel White wants to make sure that key Support Offices have copies of this. Therefore, would you make sure that OGC, Comptroller, Audit, Medical, and any other offices that would have a functional interest in this subject receive copies.
